PARTNER PROGRAMS BUILT TO MAKE A DIFFERENCE

Your work changes lives. Attendant partners with organizations like yours to extend meaningful, dignified support to the people who need it most.

Confidence

Partnering with Attendant gives your team the tools and training to show up with confidence. When your staff feel prepared, the people you serve feel it too. Together, we raise the standard of care.

Community

Attendant connects partners across a shared mission of dignity and inclusion. Collaborate with a network of like-minded organizations and caregivers. Stronger together, we reach further.

Skill-Building

Access professional development, resources, and frameworks that sharpen your team's skills. From care planning to communication, we invest in the people doing the work. A more capable team means better outcomes for everyone.

Independence

Attendant's model is built to support self-direction — for participants and partner organizations alike. Operate with flexibility while delivering consistent, high-quality support. We handle the infrastructure so you can focus on impact.

Support

You are not in this alone. Our partner success team is available to guide onboarding, answer questions, and help you navigate challenges. We are committed to your organization's long-term success.
